Grenache*

Alcohol:
14.6%

Ph:
3.80 pH

Oak

Aging:
18 months neutral oak

Total Production
344 cases

Description

Cherry liqueur, orange peel, violets and lavender, sage, a hint of juniper. Tons of baking spice- cloves and nutmeg, allspice, leather straps, both geeky and robust with a hint of white pepper.

The Art & Wine

Michael Kenna's mysterious photographs, often made at dawn or in the dark hours of night, concentrate primarily on the interaction between the natural landscape and human-made structures. Kenna is both a diurnal and nocturnal photographer, fascinated by light when it is most pliant. With long time-exposures, which might last throughout the night, his photographs often record details that the human eye is not able to perceive.

This photograph is titled "Morning Clouds" and was taken in Monument Valley, Utah in 2005

Ashley Trout, Owner & Winemaker
