### **Description**

Plums, blackberries and fig head into leather, turmeric, cinnamon and lavender. Cumin crusted steak trails into raspberries, Maraschino cherries and violets. A balanced wine from phenolics to mid-palate to the sturdy finish, this cabernet is ready now or could age for another decade

### **The Art & Wine**

Nathan Wirth

Using a variety of techniques— including long exposure, infrared, intentional camera movement and the occasional dip into compositing— Nathan Wirth, who was born and raised in San Francisco, is a self-learned photographer who seeks to express his unending wonder for the fundamental fact of existence. In his work, he attempts to focus on the silence that we can sometimes perceive in between the incessant waves of sound that often dominate our perceptions of the world.
